Stakeholder workshop on Digital Education

3rd – 4th March 2020

Venue: Centre Albert Borschette, 36, rue Froissart-1049 Brussels, BE

The objective of the workshop is to seek the views of various stakeholders in the area of Digital Education, particularly on future policy actions and funding work programmes in Horizon Europe and the Digital Europe Programme to support the digital capabilities of schools and the uptake of emerging technologies.

In the workshop, we will explore the use of emerging technologies in the education field and identify opportunities how to scale up good practices in using digital technologies to support better teaching and learning in the digital age.

Agenda

Day 1: 3rd March 2020

| | | |
